AVON NAVIGATION

LOCATION

Nafford Lock

DESCRIPTION

Full closure of the lock

DATE AND TIMES OF CLOSURE

Monday 17 February 2025 until further notice.

NAVIGATION & SPECIAL NOTES:

A structural survey has been undertaken following the winter floods and the impact of last year. Unfortunately Nafford Lock is now considered to be unsafe to use.

From Monday 17th February 2025 the lock will be closed and a specialist contractor will be onsite to start the initial works to stabilise the lock. This will be followed by further contractors and our Engineering Team who will continue works on the structure to refurbish it to a safe operational state. Assuming we do not discover further issues with the structure or encounter more flooding we are aiming to reopen the lock for Easter.

We apologise for any inconvenience and will issue updates as work progresses.
