NAVIGATION & SPECIAL NOTES UPDATE:

We are pleased to report that the works on Nafford Lock are progressing well.

Specialist contractors successfully stabilised the lock walls and bullnoses during February and March 2025. Our building contractor is now rebuilding sections of the Lock Chamber and the Bullnoses.

These works are going well and are planned to be complete by Thursday 17th April 2025.

Unfortunately we have found some further minor issues with the lock. These do not render the lock un-operable so we have decided to temporarily reopen the lock for the Easter week.

Therefore the Lock will reopen on **Friday 18th April 2025 until Sunday 27th April** when we will have a limited stoppage of about a week while the remainder of the works are complete.

Please be advised that part of the safety fencing will be left in situ and a number of our work boats will remain onsite.

We apologise for any inconvenience and will issue updates as work progresses.

Up to date information regarding this notice maybe obtained from the ANT Office.
